BAY ST. LOUIS, MISSISSIPPI, THURSDAY, SEPTEMBER 1, 1955

Subscription \$2.00 a Year - Single

## Sideline Club Carnival To Be Held on Stanislaus Campus This Weekend

The Sideline Club will be the Speed Rides for youngsters and the main attraction on Saturday and Sunday afternoon from 2 to 6 p.m. Life preservers will be furnished for all riders.

Activities for the fair will include a variety of games and a variety table. The latter will have some worth while prizes for the young, the old, the young and those interested in the fair.

The fair will take place on the front lawn of the Stanislaus campus. This is a return to the old fair held on the college campus.

The purpose of the fair is to raise money for the erection of a more permanent stand at the football field. A press box is also being erected in the next week or so.

There will be plenty of parking space in the back yard of the Stanislaus campus.

SSC officials said.

### MARINE RECRUITERS TO MEET IN BAY ST. LOUIS

Major David P. Bailey, USMC, in charge of Marine Recruiters for the Gulf Coast Area, announced that during the month of September Marine Recruiters will be in Bay St. Louis at the County Court House Building on Tuesday, 14 and 28 of September from 9 a.m. to 2 p.m.

The Marine Recruiters will be available to answer any questions concerning enlistment in the regular Marine Corps, the Organized Marine Corps Reserve or the Women Marines.

Applicants are eligible for enlistment if they pass the physical and mental requirements and are between 17 and 32 years of age.

Major Bailey also made it known that the Marine Corps has a waiting list, applicants may see him any day they desire to leave and will be enlisted on that day.

### MISS WEAVER LEAVING FOR DEMONSTRATION POST

Miss Sarah Weaver, who for the last three years has been in the Home Demonstration program in Hancock County, is leaving this fall to attend school at Mississippi Southern College, Hattiesburg.

During her stay here, Miss Weaver did much fine work with the Home Demonstration classes which were taught the women of the county, cooking, weaving, up-dressing, aluminum and other work in designing trays and other types of gifts and ornaments for home objects, sewing, canning, chair bottoms and refinishing furniture, painting and general home work.

At the present time there is no one to replace her.

## Record Enrollments Mark 102 SSC Term

St. Stanislaus will begin its 102nd session of school Wednesday, Sept. 7 at 8:30 a.m. with the largest enrollment in the history of the school. Two hundred sixty boarding students and two hundred forty day students are registered for a total of five hundred. Last year's enrollment was 480.

Faculty for the current term consists of:

Brother Linus, Senior Mathematics; Brother Philip, Senior Social Studies and Junior English; Brother Rian, Latin and Senior English; Farley Day, Senior Commercial courses; Brother Hubert, Senior and Junior Science Courses.

Herbert Adams, Social Studies; Brother Carl, Spanish and Social Studies; Brother John, Sophomore Mathematics and English; Brother Leo, French; Brother Gabriel, Freshman Mathematics and English; Typing and Librarian, Brother Dominic; and Special Instructor in English, Brother Luke.

In the grammar division, Brothers Andries and Godfrey will teach the eighth grades; Brothers Comas and Lin, the seventh; Brothers Celestine and Clifford, the sixth; Brother Bosco, the fifth; and Brother Neri, the fourth.

Brother Romuald, who had charge of band activities at St. Stanislaus from 1932 to 1951 has returned to the St. Stanislaus staff to resume direction of the band.

This year there will be special classes in Religious, Apologetics under the direction of the priests from Our Lady of the Gulf Church.

Also initiated this year is a program of student accident insurance offered to the parents of the students. One policy to cover the student twenty four hours a day has been presented to each parent, and when school begins, another to cover any accident to students one hour before school, during school time, and up to one hour after school will be presented to the parents.

The boarding students are to return to school by six o'clock on Tuesday, Sept. 6.

### HANCOCK DRILLING CONTINUES ACTIVE

Wildcat drilling activity in Hancock County continues to increase. Marshall R. Young is below 2200 feet in his wildcat, the Greene No. 1, sec. 4-15-15w, with the venture expected to be drilled to 10,000 feet. J. Willis Hughes is drilling below 8500 feet in his venture, the Weston Lumber Co. No. 1, sec. 34-8-16w, with contract depth 10,000 feet.

Hughes is reported to be moving in drilling rig for a second try, the International Paper Co. No. 1, sec. 23-8-16w, located near Pearlinton.

### John Craft to Retire After Thirty-five Years of Service With Railroad

John Craft, veteran railway mail man, retired after 35 years of service Wednesday, mostly on the Louisville and Nashville railroad run between New Orleans and Montgomery, Ala.

Prior to entering the railway mail service in 1920, Craft was an elected County Superintendent of Education for Hancock County and played a major role in the organization of consolidated schools in this county.

A past master of the Masonic Lodge at Bay St. Louis and member of the York Rite bodies of Gulfport, Craft, who retired on his 70th birthday, recalled having been involved in two separate train wrecks as a railway mail man. The first occurred at Biloxi, Miss., in 1923, he said, and the other at White Harbor, Miss., a few years later. He escaped injury in both accidents.

Craft and his one son both live in Bay St. Louis, where they have a peach orchard. His future plans call for "fishing and enjoying my home."

## Clermont Man Is Found Dead Beside Truck

The body of Forrest Ladner, Clermont Harbor, was found dead beside his truck in Jackson Ridge Tuesday afternoon about two o'clock by Henry Necaise, Waveland resident.

Necaise, who had entered Jackson Ridge to empty a truck of garbage on the dump saw the truck with the body of the dead man beside it.

It was believed that Ladner had entered the ridge to round up some livestock which he had turned loose there. His truck became impaled on a pine stump and he apparently had tried to dislodge it. He had been suffering from a bad heart condition for some time, and it is assumed that he lay beside the truck to rest following exertion from trying to dislodge the truck.

He is a brother of the late Randolph Ladner of Lakeshore and the late Sam Ladner, also of Lakeshore.

Constable Nolan Kingston investigated the death.

Funeral arrangements are still incomplete pending the arrival of members of the family.

## Junior Fishing Rodeo To Be Held From Legion Pier This Saturday

### September Music:

## School Bells Golden for Mom

The ringing of the school bell, sending its golden voice into the homes to bring the pattering of little feet and the clump of boy's boots as the children (more or less happily) wend their way toward those magic buildings of schools.

For weary mothers of the coast the school bells are indeed golden.

Tired housewives will voice a normal way of life. Children will be disciplined with routine once again, the influx of invited guests will taper off, and mother will have a few hours of the day to call her own.

As for fathers, most of them will be able once again to relax in their own homes, minus the strain of coming in to find that so and so just dropped in for a few days to visit, or be able to sit in a favorite chair without dropping onto wet bathing suits or damp towels, or stumbling over crab nets that youngsters forget to clean and put away.

Most of the coast residents September is indeed a golden month.

Most of the schools will reopen on Tuesday following Labor Day, the balance will open before the end of the week. Civic and social organizations which discontinue during the summer months will take up activities in September.

For this year the steam heated

elections are a thing of the past, and the strenuous work of candidates and their supporters is abated. Now the newly-elected have only to be installed in office, and the populace work with them toward making the community a better place to live in.

Although the weather may continue with soaring temperatures, the knowledge of cooler days in the near future makes the heat seem more endurable, for the thought of only a limited number of days are left Old Sol for his fiery reign.

Truly September is golden. The grain is ripened, the crops will soon be harvested, and the joy of Christmas shopping is just around the corner.

## Annual Forestry Queen Contest To Be Held In Hancock Co. Sept. 21

The annual Hancock County Queen of the Forest Contest will be held at the County Agricultural Building Sept. 21 at 2 p.m.

The Queen of the Forest Contest is a Mississippi Forestry Commission institution. Contests are held in all counties of the state. County winners appear in a district contest and district winners appear in a state contest.

The purpose of these contests is the building of good will toward forestry and the creation of another desirable outlet for general publicity on forestry.

Rules for selection of the winner are as follows:

1. Selection is based on beauty, stage presence or poise, and personality.

2. It is required, in all contests, that for participants be interviewed for determination of personality qualifications and speech qualities. Such interviews also afford a close-up view of the girls participating and therefore assist the judges in their choice based on beauty.

3. Contestants must be between the age of 16 and 21, have legally established residence in the county for which contest is held. Residence must not be in a town or city in excess of 10,000 population. She must not be or at any time have been married. She must be of good moral character and reputation. Should she not meet all conditions, she shall be automatically disqualified. In the event of disqualification after selection as queen, the first alternate shall assume title. The Area Forester shall be responsible for qualification.

4. One queen, one first alternate and a second alternate shall be selected.

### Walter Clifford Jorns Dies Sunday in Waveland

Walter Clifford Jorns, 51, died Sunday morning at 12:45 at his residence, 725 Robert St., Waveland. He is survived by his widow, Mrs. Rita Bourgeois, Waveland; a daughter, Marian; two sons, Larry and Albert Friedrich Waveland; two brothers, Edward and Charles Jorns, New Orleans; four sisters, Mrs. Emma Reese, Mrs. Edward F. Andrey, Mrs. Lillian Boyd, New Orleans, and Mrs. Ada Russell, Waveland; and his parents, Mr. and Mrs. William Jorns (nee Caroline Olbert).

He was preceded in death by five brothers.

Relatives and friends of the family, officers and members of the Jefferson Masonic Lodge 191, F&AM, New Orleans, and the Southern Ball Makers Order attended the funeral held from Fahey Funeral Home, Bay St. Louis, Tuesday, August 30 at 4 p.m.

Interment was in Waveland Cemetery.

### RECEIVE AWARDS

Two local men were honored with presentations Saturday evening from the Shell Oil Company.

E. J. Arceneaux and Emilio Cue were recipients of the awards. Arceneaux is celebrating his silver anniversary in the handling of Shell Oil products and Cue his 15th year as a distributor.

The presentation of the plaques was made by C. Grace, of the Shell Oil Co. at a meeting held at the country estate of Cue on Jordan River.

Dealers and employees of Shell Oil Co. and Shell Stations from Long Beach through Picayune were present.

Following the business meeting a shrimp boil was enjoyed at the swimming pool area on the Cue grounds.

Arceneaux, who is located on the beach at the corner of Court St. has been serving the community in the same location for the last 25 years. He previously received a silver plaque this year from the B. F. Goodrich Co. for the continued handling of their products for a 25 year period.

The Cue Oil Co., distributors for Shell products, is located on Necaise Ave.

### Edward Walter Poolson Dies August 27 in N. O.

Edward Walter Poolson died Saturday, Aug. 17 in the Marine Hospital in New Orleans, where he had been ill for several months preceding his death.

Funeral services were held Sunday, Aug. 28 from Fahey Funeral Home, followed by religious services in Our Lady of the Gulf Catholic Church. Interment was in St. Mary's Cemetery.

### ANNOUNCE BIRTH

Mr. and Mrs. Gaspar Soldino (nee Ina Claire Smith) announce the birth of a daughter, Mary Lena, born in Baptist Hospital, New Orleans, Aug. 22.

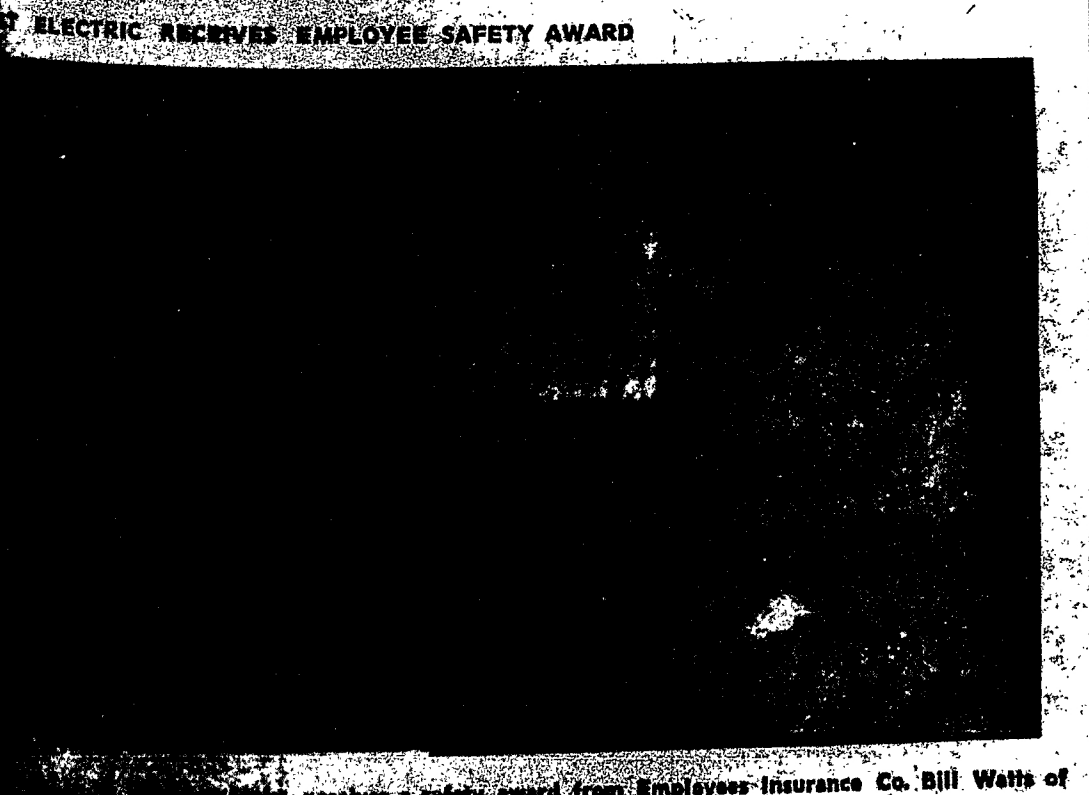

Mrs. Soldino is a sister of Mrs. Horace Farr, a frequent visitor to Bay St. Louis. This is the first child born to the Soldinos since their marriage. The infant weighed five pounds eight ounces at birth.

### LUNCHROOM TO OPEN

The Bay St. Louis Parochial School Lunchroom, located on Second St., will open on Monday, Sept. 12. It is a new addition to the school building, and will serve the students of the school. The price of lunch will be 25c this year.

## Junior Skippers Get Trophies In Y C Event

### ELECTRIC RECEIVES EMPLOYEE SAFETY AWARD

Eight junior skippers and skipettes received trophies Sunday at the Bay Waveland Yacht Club.

The juniors, who had been instructed in the art of sailing this summer by senior members of the club, vied in races held over the course Sunday. Winning skippers of each race were presented a trophy by Al Weinfurter, Commodore of the Club.

Those receiving awards were Waldo Otis Jr., Ballard Argus, Don Doyle, Bruce Thompson, Norvin Penrose Jr., Wynn Heath, Tom White and A. J. Frey.

Dedication Day Trophies were presented to Wynn Heath and Beth Doyle.

The junior yachtsmen presented a watch to Bill Gordon in appreciation of the interest and work done by him for the juniors this past summer.

Following the races Saturday, a banquet was held for the young sailors. The dining room of the club was gay with pennants and life size cutouts of teenagers. A large number of senior members of the club were present for the sailing matches and for the supper which followed.

Third annual Junior Fishing Rodeo sponsored by the Hancock County Legion will be held here Sunday, Sept. 3, when special awards for fishing skill will go to the visiting boys and girls of years of age or under.

Awards will be given for the longest fish of each class caught and will be paid in cash in the following:

Fish	per pound
Speckled Trout	25c
White Trout	25c
Pompano	25c
Spadefish	25c
Pinfish	25c
Sheepshead	25c
Croaker	25c
Mackrel	25c
Flounder	25c
Sardine	25c
All other classes	15c

Two trophies also will be given and additional prizes this year include three sets of Pflueger rods and lines and True Temper rods. Prizes have been donated by Manfray's Hardware Store, Colson's Seafood and Western Auto Store.

All contestants must fish from the American Legion Pier or the shell pile at that point. There are no charges for entering the rodeo.

### BAWI LUNCHEON TO HONOR GOV. WHITE

Friends and admirers of Mississippi's highly successful, Balfanz Agriculture with Industry Program are invited to attend a luncheon honoring Governor Hugh L. White, the program's founder, on October 18 at the Buena Vista Hotel, Biloxi.

This announcement was made in Jackson today by George A. Huth, president, Mississippi Manufacturers Association, who said that the luncheon where tribute would be paid to Governor White would be one of the highlights of Mississippi's First Annual Enterprise Celebration, the Fourth Annual Convention of the Mississippi Manufacturers Association, to be held October 16-18 at the Buena Vista Hotel.

Huth said associates of Governor White who have been instrumental in assuring the success of BAWI and all persons engaged in the overall program of industrialization of Mississippi are invited to attend the entire three day convention. They are particularly invited to join in a special tribute to the Governor at the luncheon on Oct. 18.

Huth urged those planning to attend who have not yet received invitations by mail to contact or write John Gregg, Mississippi Manufacturers Association, 106 East Pearl Building, Jackson Phone 2-8333.

### TO BE GRADUATED FROM NURSING SCHOOL

Miss Mary Hester Curran, former resident of Bay St. Louis and graduate of St. Joseph Academy, will be a member of the graduating class from 'Our Lady of the Gulf' School of Nursing in New Orleans Tuesday, Sept. 6.

She is the daughter of Mrs. F. H. Curran and the late Mr. Curran.

## MEMORIAL LIBRARY COMPLETES SUCCESSFUL SUMMER PROGRAM

Memorial Library has completed its summer program and feels a justifiable pride in recounting its achievements.

Two book reviews, one by Rev. Schuyler Batson and the other by Mrs. Benjamin Yancy, presented gifts to Jeanette Betty Martin for their assistance in the program, and Mrs. Samuel, in the name of appreciation to Mrs. Hester Curran.

The magic show put on by Allan Henderson, formerly of Bay St. Louis, drew an audience of about 50 youngsters.

The Story Hour, sponsored by American Legion Auxiliary Unit 139 through thirteen weeks has been an unqualified success. Mrs. Russell Elliott, who has been in charge of the story program, reports that a total of 150 children received the story of the Bible.

average weekly attendance was around 45. Children receiving prizes at the last meeting for perfect attendance were Frank and Mary L. Garde, Don and Dottie Estep and Joan Frey. Mrs. Joseph C. Frey, president of the Auxiliary, presented gifts to Jeanette Betty Martin for their assistance in the program, and Mrs. Samuel, in the name of appreciation to Mrs. Hester Curran.

The library expressed its appreciation to all women who assisted in the program and to the program to such a successful conclusion. Mrs. Hester Curran, president of the Auxiliary, presented gifts to Jeanette Betty Martin for their assistance in the program, and Mrs. Samuel, in the name of appreciation to Mrs. Hester Curran.

FAVORABLE DESPITE RAIN. Despite unusually rank cotton with a threat of heavy damage from insects and boll rot, the Mississippi crop situation is favorable according to county agents of the agricultural extension service. The best crop in several years seems assured throughout most of the state. Record hay crops are being harvested in several sections.

developed with your health in mind—has been licensed by the U.S. and is available commercially. See your family doctor.

### BUT POLIO IS STILL WITH US

When polio is around, follow these precautions:

DON'T GET OVERTHEW

DON'T GET CHILLED

DON'T MIX WITH NEW GROUPS

BUT DO KEEP CLEAN

## COUNTY AGENT'S NOTES

BY HOWARD F. SIMMONS  
Hancock County Agent

Pasture and Feed Crops

If you need early grazing, make your first planting of oats or wheat early this month. Put down fertilizer when you do the seeding. Plan to plant only one half acre per cow, at this first planting. Make a second planting in late September and a third in October.

Farmers who are interested in planting over crops are urged to plant a mixture of legumes and cereals instead of just legumes.

Cover crops should be planted to help control soil erosion, put humus back into the soil and for grazing. Sod seeding machines can be used to plant much of the cover crops. This will make the land less likely to erode as the land is not torn up when using this method of seeding.

It is still too early to plant.

## Watch out for a build-up of cattle lice

These sucking insects seem to vanish during the hot summer time but are always back when cold weather gets here. Now, before cold weather does arrive is a good time to spray your cattle for lice control.

Or you can make use of the homemade back rubber that has kept your cows free from hornfly troubles this summer. A properly treated back rubber will help your cows to rid themselves of lice all during the winter. If it will also help you save money, cattle that are free from lice grow faster and are thriftier.

Feed only your cattle, do not include the house. This costs money. For details, see your local county agent.

**JOEL McCREA'S SON MAKES SCREEN DEBUT IN 'WICHITA'**

Jode McCrea, 20-year-old son of film star Joel McCrea, makes his motion picture acting debut in the CinemaScope production of "Wichita," screening at the A & G Theatre Sun. & Mon, Sept. 4-5.

It is not a major role, but is in line with dad Joel's theory "to bring along the boy slowly because he has plenty of time."

Walter Mirisch, producer of the Technicolor attraction, originally intended to cast young Jode as a young outlaw who gets into the fight with Joel who plays the marshal of Wichita, Kansas. This part, however, would have taken Jode away too long from his studies at UCLA where he is a drama major, so instead the younger McCrea has a bit part in the film.

There is no doubt, however, that from his modest beginning young McCrea will forge ahead for movie prominence. He certainly has the family talent for acting.

There is still a place for radio, despite television. Take notice below for instance.

When you have something to sell, the columns of this newspaper are your best bet to sell it.

A stroll along a crowded beach these days is enough to bring out the heat in you.

Business expansion is said to rest on firm footing.

## Chairman Eighteenth Year

WOOD MARCH OF  
CHAIRMAN FOR  
EIGHTH YEAR

Sept. 1—The annual March of Dimes campaign for polio combat has been launched for January 2—31, 1956. The eighteenth consecutive year, Dr. Underwood, State Health Officer, will again serve as Chairman.

It is a privilege to be associated with the loyal group of people who support this worthy cause with their time, energy and money," Dr. Underwood said, accepting the appointment made by the National Foundation for the March of Dimes, conducted annually in every community throughout the nation each year. The sole support of polio chapters' patient aid fund and the National Foundation research and vaccine program.

March of Dimes, conducted annually in every community throughout the nation each year. The sole support of polio chapters' patient aid fund and the National Foundation research and vaccine program.

Miss Faye Marie Housh, daughter of Mrs. Herman Jones, and Miss Ruby Pearl Housh, are parents of a son, Matt Steven Housh.

## COUNTY AGENT'S NOTES

BY HOWARD E. SIMMONS  
Hancock County Agent

### Silage

Put your silage up on time. Don't wait until it is over-mature. Sorghum is ready to be ensiled when the seeds are in the heavy dough stage.

Corn should be cut and ensiled when the grain is well denting. Waiting until the corn is dry before putting it up lowers the value of the silage as feed. Too, it causes extra work as the silage must be watered.

### Corn Stover

Many farmers are going to save

to polio volunteers to make early plans for the 1956 fund appeal. "Polio is not licked yet," the Health Officer said. "The Salk vaccine, according to the Francis report, is only 80 per cent effective against the other two types."

"The vaccine is good, but not good enough. We must gird ourselves for a sustained assault against polio. Continued research is our hope. How long and how costly, no one can tell, but the future looks bright," the State Chairman concluded.

### Polio

Pick and gin your cotton for

high grade. If needed, defoliate your cotton when the top bolls are 25 to 30 days old, or at the first rest period—a yellowish cast in leaves across the field.

To defoliate, use 25 to 30 pounds of area defoliant in late afternoon. Apply defoliant with any

their good corn as silage. It has high feed value as the stalks make use of the stalk and leaves as well as the grain.

For stover, the corn should be cut and shocked when the grain is in the heavy dough stage. When cut in this stage, shocked and allowed to dry, the grain fully matures, but the stalk and leaves retain much of their feed value that would be lost if the corn stalk was allowed to dry out before cutting.

After shocking and drying, the shocks should be moved under cover to protect it from weather, bird and rodent damage. This feed is especially good for beef cattle.

### Poultry

Take good care of your laying flock. Egg prices are likely to be higher this fall than last fall.

When housing your pullets, make sure that the laying house is well ventilated.

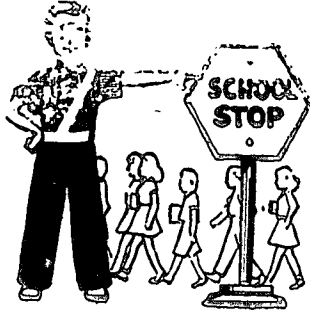

Clean litter on the floors is a must. To prevent broken and dirty eggs, make sure that you supply plenty of nests and keep the nests well filled with clean, dry material, such as straw or shavings.

### Cotton Harvesting

Pick and gin your cotton for

high grade. If needed, defoliate your cotton when the top bolls are 25 to 30 days old, or at the first rest period—a yellowish cast in leaves across the field.

To defoliate, use 25 to 30 pounds of area defoliant in late afternoon. Apply defoliant with any

## LOGTOWN Locals

By CLAUDIA MURPHY

Sympathy is extended to the family of Miss Annette Koch who passed away at her home Thursday at 11 o'clock a.m. Funeral services were held at the Koch Family Cemetery.

Miss Gloria McArthur returned home Sunday from New Orleans where she spent two weeks with Mrs. Adel Maffie.

Miss Claudia Murphy returned home Wednesday from Gulfport Memorial Hospital where she was a patient.

The Altar Society of St. Joseph Catholic Church is having a

dusting equipment used in boll weevil control.

Pick your seed cotton when dry, and keep it dry until ginned. Too much moisture and field exposure lowers grade and lowers the amount of money you will get for your cotton.

Do not gin wet or dew-damp cotton. You will lose \$15 to \$20 a bale by ginning wet cotton.

Pick your cotton clean and keep it clean. Keep all foreign material, including rocks, nails, matches out of your cotton. These are fire hazards and can cause not only the loss of your cotton, but can result in the destruction of the gin or warehouse.

Do not tramp trashy cotton. If you do, the bits of leaves and grass will become imbedded in the lint and will be impossible to remove. This will lower the value of your cotton and cost you money.

Study prices and market demand for your cotton. Know the grade and staple before selling. Get your Smith-Doxey free class (green card) before selling.

Collect Soil Samples Now

Don't lose money this fall by failure to use proper amounts of lime and fertilizer on temporary and permanent grazing crops. Lime may be needed, and some phosphorus and potash are usually required to get top efficiency from nitrogen applied to cereals such as oats, wheat, rye, barley and from rye grass alone or in combination with crimson clover.

Now is the time to take soil samples from land which has been fallowed and from other areas which will be seeded this fall.

At the county agent's office are soil sample boxes, information sheets and mailing cartons for your use. Information will be given to you about how to get a good average soil sample. You should hear in about two weeks from soil samples sent to the laboratory now.

## OPERATION PLANNED AT PONTOTOC PLANT

Industrial activity in Pontotoc County forged ahead last week as one plant was scheduled to begin production soon, and advertisements were published calling of construction bids on another. Otis Goodbread, plant superintendent of Southern Industries, a new-build frame-making plant which has been moved there with a small crew, plans to get operations under way on a limited scale. Elsewhere on the indus-

**Grenada Lake and its tributaries the Yalobusha and Sunna Rivers afford some of the best fishing to be found in North-Central Mississippi. Although the lake was only opened in 1974, excellent catches of crappie, bream, bass and catfish already have been recorded.**

**Swimming beaches at Grenada Lake have attracted throngs of summer vacationers during the past few months. A total of 20,000 persons visited the lake July 4th and attendance this year is expected to reach 500,000.**

with an inland recreational area second to none in the state.

Grenada Dam and Lake was built at a cost of \$31,200,000 and is part of the overall project of the Engineers to control floodwaters of the Yazoo River Basin at the headwaters of the Yalobusha and Sunna Rivers at Grenada, the Yokema at Enid, the Tallahatchie at Sardis, and the Coldwater at Arkabutla.

The Grenada Lake is Y shaped and when filled a spillway crest extends up the Yalobusha River Valley a distance of 10 miles with a surface area of approximately 100 square miles. The minimum level of the lake extends 7 miles upstream from the dam, having a surface area of 15 square miles.

The dam itself is an earth fill type rising 80 feet for a distance of 13,500 feet to form the western shore of the lake.

Seven picnic areas already have been set up and the lake

has been stocked with crappie, bream, bass and catfish. Piscermen from Mississippi and surrounding states already are reporting excellent catches.

The Hugh White Park for white citizens will when completed provide a lodge, 10 duplex cabins, camp sites and boat landing docks and swimming facilities.

The Carver Point Park for colored citizens will have a lodge, group sleeping quarters, camp sites, boat landing docks and swimming facilities.

Meantime, several state-wide organizations are constructing camps on the lake. These include the Future Farmers of America and the Girl Scouts.

Grenada Lake, just four miles east of Grenada, is easily accessible to residents from all of North and Central Mississippi. It already is proving to be one of the most popular of the lakes along with Sardis.

1914 Mr. Patterson has been employed in agricultural work in Mississippi. From that time until 1937 he was leader in agricultural economies for the Extension Service of Mississippi State College. He was then transferred to Jackson where he has since been state administrative officer in charge of AAA, later PMA, and now ASC operations in the state. ASC operations in the State, which include Agricultural Conservation Program, Acreage Allow-

ments and Marketing Quotas, and Price Support Purchase and Loan Programs, are under direction of the ASC State Committee composed of Leroy P. Perry of Grenada, chairman; Ras M. Erwin of Louisville, chairman; J. N. Lipscomb, Macomb; and Dr. Clay Lyle of Mississippi State College.

At the same time C. W. Sullivan has been appointed by the Secretary of Agriculture as ASC state administrative officer to succeed Patterson, effective Sept. 1.

Sullivan has been administrative officer in the ASC State office continuously since 1936.

It also was announced that Shelby C. Cooper has been named deputy state administrative officer. Cooper has been serving as an administrative officer since 1936.

GEORGETTE E. HALL

Week of Mr. and Mrs. James McConnell, this week is Jimmy McConnell, young son of Mr. and Mrs. March Schwartz of Palo Alto, Calif.

Young Jimmy's father is nationally famous as one of the football greats of all times. He received his high school training early football "know-how" while still a student at St. Stanislaus College in Bay St. Louis. He went on to gather new laurels as an outstanding player for Notre Dame and later coached at Stanford University on the West Coast.

Jimmy is the godchild of Mr. McConnell, who has not seen the youth since he was a baby. The youngster is now fourteen and needless to say everyone at the McConnell home, including Jimmy, has enjoyed the visit immensely.

—W-W—  
Miss Adina Nichols, who has a summer residence on Water St., entertained her aunt, Mrs. Alice Cellos, at a surprise birthday party Sunday, Aug. 21.

Among those who came to visit Mrs. Cellos and wish her many happy returns of the day were her sister-in-law, Mrs. John Leithman, her nieces and nephews, Mr. and Mrs. Jack Leithman, Mr. and Mrs. Wm. Gieseler Sr., Mrs. Ruth Nichols, Miss Adina Nichols and Mr. and Mrs. Leo Pelano, and her grand niece and nephew, Mr. and Mrs. Rollin Orr and their two sons, William and Paul. This column wishes Mrs. Cellos many more happy birthdays surrounded by her relatives and friends.

—W-W—  
Well, the old alarm clock will give out with that old familiar ring this Friday for those students attending the public and parochial schools in this area. It is registration day and the youngsters will have to give up that morning swim or that extra late snooze to get to their respective schools and complete their registration.

Yes, the groans coming from the youngsters these days say—"But it was such a short summer—" You know, it really was!

—W-W—  
Mrs. George Sims of Fort Lauderdale, Fla., Mrs. L. A. Sauer Sr. and Mr. and Mrs. J. H. Schramm and family, all of New Orleans, were guests of Mr. and Mrs. L. A. Sauer Jr. and family over the week end.

—W-W—  
Sympathy is extended to the relatives and friends of Walter Jorns, who died suddenly while spending his vacation in Waveland. Mr. Jorns was the son-in-

law of Mr. and Mrs. Harry Bourgoin, and the brother of Mrs. Artie Russell of Waveland. Burial took place Tuesday in Waveland.

—W-W—  
Mr. and Mrs. Gerald Tucker spent Monday in Waveland.

—W-W—  
Friends of Mrs. Alice Guenard are glad to hear that she is better and able to be up and about once again.

—W-W—  
Sympathy is extended to Mrs. Gordon Courge of Lakeshore upon the death of her father, Mr. Forrest Lagner, who passed away this week.

—W-W—  
Dr. Adrian Hava has returned after a pleasant vacation. Canada, including Toronto, Montreal and Quebec, was his destination this time. Dr. Hava has visited almost every place of interest in the United States and had an extended vacation in Europe. His two weeks in Canada were most enjoyable.

—W-W—  
Manny Hubbard is hospitalized pending an operation. His many friends wish him the best of luck and a speedy recovery.

—W-W—  
Clarence C. Hava Jr. is home for a vacation. He plans to register at Loyola University in New Orleans this fall for his pre-dental training.

—W-W—  
Miss Mary Cecelia Lukinovich, granddaughter of Mrs. Ethel Hava, has returned to New Orleans after spending a pleasant vacation in Waveland. The old call back to school is being heard everywhere. Wonder if the first word all the teachers will give the youngsters will be antidisestablishmentarianism?

—W-W—  
Mr. and Mrs. T. H. Brockman Jr. wish to thank the many, many friends who remembered them while T. H. was in the hospital for the last two weeks. Cards, phone calls and visits helped so much.

—W-W—  
Mrs. Brockman Jr. is now at the home of his parents and will remain there for a period of convalescence.

—W-W—  
The Mississippi Game and Fish Commission has allotted \$15,000 for construction of a 80,100 acre lake, east of Columbus, Wade Creekmore, Chairman of the Commission in Jackson reported.

—W-W—  
Work on the proposed lake, which will be one of the largest in this area, will probably begin immediately, Creekmore said.

## American Legion AUXILIARY NOTES

### ATTENTION!

All Auxiliary Members, membership drive is on. We are now third in state. Would be nice to be first in membership. Please contact your president, Mrs. Joe Compretta, or your treasurer, Mrs. A. J. Noto, or mail your check to either for membership.

All members wishing to help in any way with American Legion Fishing Rodeo, this Saturday, Sept. 3, from 8 until 5 o'clock. Come on up to the Legion Home. This also includes Junior Auxiliary Members.

—W-W—  
Anyone wishing to help with the Carnival Fair being put on for patients at the Bilori Hospital on Monday, Sept. 5 from 7 until 8 contact Mrs. Joe Compretta, tel. 554-W.

## SEVEN SLATED TO DIE IN HIGHWAY MISHAPS LABOR DAY WEEKEND

The Highway Patrol predicts that seven persons will be killed in highway mishaps over the forthcoming Labor Day weekend here in Mississippi. Eight were killed a year ago during the long holiday period.

Commissioner of Public Safety T. B. Birdsong in making the grim holiday prediction stated: "It is unfortunate that Mississippi will pay such a high price for the privilege of enjoying the Labor Day weekend."

The death rate on a normal weekend is tragic enough (five met their death in highway accidents last weekend), but you can always anticipate more fatalities during holiday periods, he added.

The National Safety Council predicts 400 deaths nationwide—300 for the same weekend if it were not a holiday.

The holiday weekend officially gets underway at 6 p.m. Friday, Sept. 2, and extends through midnight, Sept. 5. During the same three-day period last year, 76 were injured in 160 accidents. In 1953, 91 persons were injured, six killed, in 202 accidents.

All resources of the Mississippi Highway Patrol will be utilized over the holiday weekend, Chief of Patrol L. C. Hicks stated, urging motorists to drive carefully and observe all traffic laws. "This holiday slaughter is unnecessary," he stressed.

The end of the Labor Day weekend will also mark the end of the summer safety campaign, "Slow Down and Live," being observed nationally. Last summer, Mississippi reduced its fatality rate 27.9 per cent during the "Slow Down and Live" period.

## Continued Need Seen for Kenny Polio Treatment

Minneapolis, Minn.—Need for polio treatment provided by the Sister Elizabeth Kenny Foundation will remain vital for years to come, despite recent discovery of vaccine to combat the disease, in the opinion of Marvin L. Kline, national executive director.

"We must continue in the position to treat those not immunized and others who contract polio and be able to retrace our steps to rehabilitate those who have been crippled by the disease in the past," Kline said.

"The current 1955 annual fund appeal is being conducted to assure continuance of the Kenny program which includes providing the Kenny treatment and rehabilitation as well as the training of additional registered nurses and physical therapists to become Kenny Therapists and the sponsorship of continued research into polio and allied diseases."

—W-W—  
Child stepping from the bus. "We will do this every time a child's life has been endangered," Commissioner Birdsong promised.

School zone speed limits should be observed at all times, and when a motorist nears a playground, he should be more than "just careful." He must think many times for the little girl stepping from the curb to join her little friends across the street.

School days are happy days only if they are safe days. Do your part in keeping them happy by driving safely and alertly through school zones and by letting the yellow school bus be your signal to drive cautiously.

## OUTLINES NEED FOR CAREFUL DRIVING BY SCHOOL BUS DRIVERS

Seventeen Tennessee school children were killed recently when a fast freight plowed into the side of the school bus in which they were riding. None of the 26 other tiny passengers in the bus escaped injury.

And it could have happened here! The driver of the ill fated Tennessee bus stated that he did not see the on-rushing train until too late. Perhaps he didn't; certainly, he would not have driven the bus onto the track had he seen the approaching freight.

But the big question which will always bother the parents of those 4 tots—and the unfortunate driver, the only person in the bus who escaped injury—is: Why wasn't the train seen?

Mississippi Commissioner of Public Safety T. B. Birdsong states that Mississippi school bus drivers are required by law to undergo extensive, supervised training before being permitted to transport children to and from school. The driver training program, supervised by the state Department of Education, is an excellent one and driver trainees are carefully selected.

But there is always that danger that a driver may become careless, and those who do should be reported to school authorities. After a child has been killed or crippled through some negligible act on the part of the driver, it is too late. The school bus driver has learned his lesson—yes—but the lesson was far too costly. We must keep our school bus drivers constantly aware of their responsibility.

A. P. Smith, assistant director of school buildings and transportation, Department of Education, points out that the Spring City, Tennessee, tragedy could have been averted had the bus driver used a school boy patrolman to flag the bus through the "blind crossing."

Smith urges Mississippi school bus drivers to use Patrol Boys on their buses, and at blind railroad crossings, have the Patrol Boys step in front of the bus and check for approaching trains. Such caution pays, but the lesson was far too costly. We must keep our school bus drivers constantly aware of their responsibility.

It is equally important that the parents be aware of their responsibilities when driving in or near school zones or approaching school buses loaded with children. Mississippi law forbids a motorist passing a school bus which has stopped to receive or discharge school children, and this is one law which MUST be observed.

The Highway Patrol last winter used an incentive to encourage a motorist who sped by a school bus, simply selecting a

## Favorite Cartoon Characters Back Kenny Polio Drive

Cartoon-style appeals on behalf of the 1955 annual polio fund appeal of the Sister Elizabeth Kenny Foundation have been created by some of the nation's most popular and best-loved comic strip characters.

Supporting the Kenny fund appeal are Donald Duck by Walt Disney; Bugs Bunny, Warner Bros. Cartoons, Inc.; Ketchum's Jane Arden, the girl reporter; Li'l Abner, by Al Capp, and Steve Canyon, by Milton Caniff.

Each of the comic strip creators contributed the specially prepared character appeals to this year's nationwide fund campaign, according to Marvin L. Kline, national executive director. The cartoon appeals are appearing in daily and weekly newspapers across the country.

Kenny hospitals continue to provide treatment to victims of polio and to rehabilitate persons crippled by the disease in the past. Procedure for admission is through referral by a physician.

—W-W—  
Child stepping from the bus. "We will do this every time a child's life has been endangered," Commissioner Birdsong promised.

School zone speed limits should be observed at all times, and when a motorist nears a playground, he should be more than "just careful." He must think many times for the little girl stepping from the curb to join her little friends across the street.

School days are happy days only if they are safe days. Do your part in keeping them happy by driving safely and alertly through school zones and by letting the yellow school bus be your signal to drive cautiously.

## \$1.50 A BUSHEL BEING OFFERED FOR PINE CONES

Officials of the US Forest Service and the Mississippi Forestry Commission announced today a simultaneous need for slash pine cones for which they will pay \$1.50 per bushel delivered at certain receiving stations.

Both agencies stated that the need for cones of this species meeting certain specifications is very great. The US Forest Service needs 2500 bushels and the Forestry Commission wants 4,000 bushels. Before any cones will be accepted, however, they must meet specifications which have been set up by both agencies.

Before any cones are gathered, contact should be made with the officer-in-charge at the nearest receiving station for detailed instructions on the type cone desired and the procedure which must be carried out before payment can be made. Quantity of cones delivered will be determined on the basis of a bushel by volume and not by weight.

Approved cone receiving stations for the US Forest Service are the Ashe Nursery, Brooklyn, Mississippi; G. F. Erambert, Nurseryman, office-in-charge and Wausau Tower, Chickasawhay, J. Koen, Ranger, office-in-charge.

Persons collecting cones for the Mississippi Forestry Commission should first contact the local area forester through the county agent in their county. It is highly important that these persons be contacted before cones gathering begins because cones collected without proper instructions may be rejected by either or both agencies.

Hancock County Forester, Maxion Parker, said all cones will be brought in to the Rocky Hill Pine Tower. For further information contact any of the County Forest Personnel or the Area Forester.

The Secretary of the Navy has urged a new emphasis on ability over seniority in promotion of captains to the rank of rear admiral.

University, Miss. Aug. 23—As the final phase of the three-day Orientation Program for new students of the University of Mississippi, Monday through Wednesday, September 12-14, Chancellor J. D. Williams will extend the University welcome at an assembly in Fulton Chapel, Monday morning, and will introduce administrative officials of Ole Miss.

In anticipation of the great influx of new students on Sunday, September 11, more than 200 of the older students who make up the Welcoming and Orientation committees will be on the campus early to assist in Orientation. Administrative officials and various faculty members will also be on hand to help new students become acquainted with their new surroundings and to make them feel at home.

Upon arrival on the campus, students will be escorted to their dormitories. New students will go to the Office of Student Personnel in the Lyceum Building to be assigned to their dormitories.

It is strange how the man who endorses notes usually gets an opportunity to pay some of them. Eden says recent strike cost 2,000,000 working days.

## Get a new street quickly and economically with durable, low-cost SOIL-CEMENT

A clean, attractive, smooth-riding street in front of your house increases the value of your property. A dusty, bumpy potholed street is unsightly and unsafe. It is a nuisance to drivers who use it and to property owners who live on it. The constant patching and repairing of such a street is a waste of time, temper and taxes.

If your street is worn-out and run-down, it can be converted into an all-weather pavement quickly and economically. Just ask your city officials to pave it with soil-cement. Soil-cement is a combination of soil or granular material usually on the street and portland cement and water. Mixed and compacted, these elements form a rigid, durable base. A bituminous surface completes the pavement.

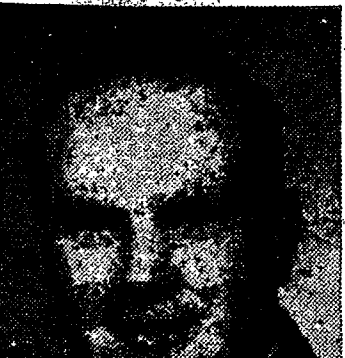

Soil-cement is economical. Low in first cost, it delivers years of dependable service with a minimum of maintenance.

Soil-cement paving is fast. An experienced crew can pave your entire street in a single day—with practically no inconvenience to you.

Act now to pave your rough, worn-out street. Submit on soil-cement. Let's today's low low-cost pavement value for tomorrow's street.

PORTLAND CEMENT ASSOCIATION  
225 NORTH 22ND STREET, MINNEAPOLIS 5, MINN.

**TO THE PEOPLE OF BEAT FIVE  
HANCOCK COUNTY, MISSISSIPPI**

I wish to take this means of expressing my sincere thanks to my friends during this campaign and the people who voted for me on Tuesday, August 2, 1955. I want to assure you that I appreciate the confidence that you placed in me when you went to the polls and cast your vote for Nolan A. Kingston for Constable of Beat Five, Hancock County, Mississippi. I would like to further express to the people who were unable to support me in this election that I hold no ill will or feeling against you for not voting for me.

I would like to say to you, the people, that it was a pleasure to meet my old friends, make new friends and meet such fine people as we have here in Hancock County, Mississippi. And further, this will not be the last campaign, and when I come back I will come back again as your friend asking for your support.

I would like at this time to express publicly my congratulations to my opponent, Mr. Herman Mazarakis, for a great race that he made. And I sincerely hope that he will have success in his office for the office of Constable of Beat Five, Hancock County, Mississippi.

Your friend,  
**NOLAN A. KINGSTON, CONSTABLE**
